# Introduction

This document describes certified UUDS parts as alternatives to OEM parts. It is intended to show our potential clients what type of products we are able to provide to support them in their aviation activities.

We meet the standard airworthiness requirements and thereby approved by CAAC and EASA Part 21 G Organization.

It is important to note that new parts can be certified upon client's request.

adapter model B777-300ER (32 ohms)

Part number: Not

available yet. Use: Pilot headset.

Compatible models:

A320 series, B737 series, etc.

Part number: Not

available yet. Use: Cabin crew radio call rope.

Applicable models:

Boeing, Airbus, and COMAC all series.

Part number: D57350121

Usage: Navigation lampshade & strobe lampshade

Compatible models: A320 series

Part number: None

Purpose: 4MCU bracket

Compatible aircraft models: Boeing, Airbus, and COMAC all series

Part number: Not available yet

Purpose: Data loading adapter cable

Compatible models: A320/A330 series

Cookrel has extensive experience in certification and manufacturing in the field of cabin PMA parts

Based on experience, the above series of products are currently available and have been shipped to many airlines. same

It can be customized for various aircraft models (such as A320 series) according to customer needs.

Different sockets and telephone lines, rapid PMA production, long lead time

Short and risk-free, breaking the international monopoly to achieve local substitution and quality

Superior quality at an even better price.
