

PMA product series

Part number: 181557-101CA Purpose:
Headphone socket Adaptable
models: B777, etc.

Part number: RD-AX6421-52CA Purpose:
Headphone socket Adaptable
models: B787, etc.

Part number: 170777-58CA Purpose:
Headphone socket Adaptable
models: A330, etc.

Part number: 181530-101CA Purpose:
Noise reduction headphone socket
Adaptable models: A330, etc.

Part number: RD-FA6293-02CA Purpose:
Noise reduction headphone socket
Adaptable models: A330, B787, etc.

Part No.: RD-FA6263-43 MBG Purpose: Noise-cancelling headphones/USB charging/Network socket
Adaptable models: A380, etc.

Part number: RD-FA6013-02CA Purpose:
USB charging socket Compatible
models: B787, B777, etc.

Part number: 181312CA
Purpose: USB charging socket
Adaptable model: A330, etc.

Part number: 151400010001CD Purpose:
EFB bracket compatible
aircraft models: Boeing, Airbus, COMAC all series

Part number: Not available yet. Use: Noise-cancelling headphones for two-class passengers with three plugs. Compatible models: A350-900 A321neo (32 ohms) A330-300 (300 ohms) Two-plug adapter model: B777-300ER (32 ohms)

Part number: Not available yet. Use: Pilot headset. Compatible models: A320 series, B737 series, etc.

Part number: Not available yet. Use: Cabin crew radio call rope. Applicable models: Boeing, Airbus, and COMAC all series.

Cockrel has extensive experience in certification and manufacturing in the field of cabin PMA parts

Based on experience, the above series of products are currently available and have been shipped to many airlines. same

It can be customized for various aircraft models (such as A320 series) according to customer needs.

Different sockets and telephone lines, rapid PMA production, long lead time

Short and risk-free, breaking the international monopoly to achieve local substitution and quality

Superior quality at an even better price.
